# INDEX OF ARTICLES

## Water/Wastewater/Sludge

- Batch Reactors Offer Efficient Wastewater Treatment, **10/97,** pg. 40; **Spring Int'l.,** pg. 14.
- Watershed Management Enhanced by On-Line Databases, **10/97,** pg. 19.
- Two-Stage Activated Sludge Treats Textile Wastewater, **11/97,** pg. 63.
- Great Lakes Project Addresses Pollution Prevention, **12/97,** pg. 21.
- Managing Biosolids Through Composting, **12/97,** pg. 40.
- Grinder Increases Efficiency at Wastewater Plant, **Winter Int'l.,** pg. 26.
- Two-Stage Process Removes Organics from Wastewater, **Winter Int'l.,** pg. 22.
- POTW's Ozone Costs Compare Favorably to Chlorine, **1/98,** pg. 65.
- Gas Sponge Cuts Wastewater Plant Odors, Maintenance, **1/98,** pg. 66; **Summer Int'l.,** pg. 27.
- ASTM Sets Standards for Electronics-Grade Water, **2/98,** pg. 25.
- Using Solubility and Henry's Law Constant Data for Ketones in Water, **2/98,** pg. 44.
- Is Your Wastewater Toxic to the Municipal Treatment Plant?, **3/98,** pg. 52; **Summer Int'l.,** pg. 24.
- Switch to Centrifuge Provides Several Advantages, **Spring Int'l.,** pg. 23.
- Ozone Controls Sewage Plant Odors, **Spring Int'l.,** pg. 23.
- One Thing Leads to Another for Textile Bleaching Plant, **4/98,** pg. 35.
- Polyurea Elastomer Sealing Puts Stop to Sewer Leakage, **4/98,** pg. 61.
- Super Jetter Speeds Sewer Cleaning, Saves Money, **4/98,** pg. 64.
- Local Clean Water Heroes Help Spawn New Initiative, **4/98,** pg. 31.
- Using Membrane Technology to Minimize Wastewater, **5/98,** pg. 44.
- Responding to a Wastewater Violation Notice, **6/98,** pg. 60.
- Coming to a Computer Near You: NPDES Reporting, **6/98,** pg. 33.
- On-Line Instrument Provides Continuous Screening for Organics, **7/98,** pg. 49.
- Plant Filters Screwworm Effluent, **7/98,** pg. 51.
- Combining Treatment Technologies to Eliminate Wastewater Discharge, **8/98,** pg. 38.
- Lab Offers Partnerships for Wastewater Treatment, **8/98,** pg. 23.
- Selecting Alternatives to Chlorine Disinfection, **9/98,** pg. 48.
- Treating Landfill Leachate in European Countries, **Autumn Int'l.,** pg. 10.
- Leachate Treatment Process Shows Great Promise, **Autumn Int'l.,** pg. 23.
- Dutch Launch Largest Sludge Incineration Facility, **Autumn Int'l.,** pg. 23.
- Inclined Plate Clarifier Provides High Separation Efficiency, **10/98,** pg. 59.
- Dredging Restores Storage Pond to Full Capacity, **10/98,** pg. 59.
- System Cuts Costs and Hazards While Reducing Odor, **10/98,** pg. 60.
- Solvent-Free Cleaning Process Reduces Water Use, **10/98,** pg. 27.

## Air Pollution Control

- Complying with EPA's RMPR: Part II, **11/97,** pg. 17.
- EPA Issues CAA Section 112(k) Urban Air Toxics Inventory, **11/97,** pg. 21.
- Sizing up RTO and RCO Heat Transfer Media, **12/97,** pg. 34.
- Tape Manufacturer Invests in Carbon Recovery, **Winter Int'l.,** pg. 26.
- Emissions Monitoring: CEMS or PEMS?, **Winter Int'l.,** pg. 21; **6/98,** pg. 59.
- Strategies for Complying with the RMPR: Part III, **1/98,** pg. 19.
- PM-2.5: Looking into a Cloudy Crystal Ball, **1/98,** pg. 56.
- Manufacturer Recycles Solvents, Cuts Air Emissions, **2/98,** pg. 51.
- Thermal Oxidizer Controls VOCs at Superfund Site, **2/98,** pg. 51.
- Vacuum System Eliminates Odors from Oil Processing, **2/98,** pg. 52.
- Here Comes Round Two of the Acid Rain Program, **3/98,** pg. 21.
- Putting $NO_x$ in a Box, **3/98,** pg. 56.
- Employing Metal Catalysts for VOC Emission Control, **4/98,** pg. 52.
- Co-Firing Gas Burner Reduces Particulate Emissions, **4/98,** pg. 65.
- Understanding Airborne Particulate Matter Composition, **5/98,** pg. 31.
- Catalyst Withstands Chlorinated Compounds' Effects, **5/98,** pg. 55.
- Process Attains 97 Percent Odor Removal, **5/98,** pg. 55.
- Flue Gas Cleaning Process Recovers Wastes at German Plants, **6/98,** pg. 65.
- Minimizing Operating Costs of VOC Control, **Summer Int'l.,** pg. 12.
- Flue Gas Cleaning at German Waste-to-Energy Plants, **Summer Int'l.,** pg. 27.
- Vacuum System Eliminates Odors from Oil Processing, **Summer Int'l.,** pg. 28.
- Process Attains 97 Percent Odor Removal, **Summer Int'l.,**

pg. 28.
- Particulate Matter: Predicting its Emission Rates, **7/98,** pg. 27.
- An Update of EPA's Urban Air Toxics Program, **7/98,** pg. 19.
- Choosing Detection Devices for VOC Leak Testing, **7/98,** pg. 42.
- $H_2S$ Oxidation Unit Accommodates Growing Production, **8/98,** pg. 45.
- Scrubber Upgrade Ensures Strict MACT Compliance, **8/98,** pg. 45.
- The Emergence of Triboelectric Technology, **9/98,** pg. 54; **Autumn Int'l.,** pg. 12.
- Reducing Particulate Matter Emissions Rates: Part I, **9/98,** pg. 35.
- Particulate Collector Solves Dust Problem for Mill, **Autumn Int'l.,** pg. 24.
- Upgrading and Retrofitting RTOs, **10/98,** pg. 54.

## Hazardous Waste/Materials

- Untangling the Web of Spill and Release Reporting, **10/97,** pg. 50.
- Supply System Offers Hazardous Materials Alternatives, **10/97,** pg. 33.
- Seeing the Light About Burning Offsite, **11/97,** pg. 46.
- $H_2O_2$ Cuts Refinery's Haz Waste Disposal Costs, **Winter Int'l.,** pg. 25.
- Aboveground Tank Contains Sulfuric Acid, **Winter Int'l.,** pg. 25.
- Expediting Contaminated Site Cleanup in California, **1/98,** pg. 60.
- FASTER Team "Jump-Starts" DOE Site Programs, **3/98,** pg. 43.
- Train Employees to Classify and Label Waste, **4/98,** pg. 56.
- U.S., Russian Scientists Team up to Stabilize Waste, **4/98,** pg. 45.
- Treating Toxic, Mixed Wastes Without Incineration, **4/98 Federal Facilities Supplement,** pg. 16.
- Grout Injection Technique Stabilizes Buried Waste In Situ, **4/98 Federal Facilities Supplement,** pg. 21.
- Saving Remediation Costs — Hawaiian Style, **4/98 Federal Facilities Supplement,** pg. 23.
- Turning Process Wastes into Operating Profits, **8/98,** pg. 42.
- Spinach Enzymes Sap Strength of Stored Explosives, **9/98,** pg. 43.
- Making the Decision to Burn Offsite, **Autumn Int'l.,** pg. 20.
- Bearings Solve Leakage and Haz Waste Disposal Problem, **10/98,** pg. 61.
- Airport Fuel Farm Built with Oil-Water Separator, **10/98,** pg. 62.

## Incineration

- DOE, VA Team up to Eliminate Infectious Waste, **11/97,** pg. 39.
- Seeing the Light About Burning Offsite, **11/97,** pg. 46.
- Making the Decision to Burn Offsite, **Autumn Int'l.,** pg. 20.
- Dutch Launch Largest Sludge Incineration Facility, **Autumn Int'l.,** pg. 23.

## Instrumentation

- Portable Instrument Pinpoints $H_2S$ Problems, **10/97,** pg. 55.
- Product Guide: Air and Water Analyzers and Monitors, **11/97,** pg. 50.
- Testers Monitor Treatment Plant's Critical Motors, **11/97,** pg. 63.
- Proactive Monitoring Pays Off for POTW, **4/98,** pg. 61.
- Selecting Test Kits for Air, Water and Soil, **5/98,** pg. 53.
- On-Line Instrument Provides Continuous Screening for Organics, **7/98,** pg. 49.
- Choosing Detection Devices for VOC Leak Testing, **7/98,** pg. 42.
- Product Guide: Air and Water Analyzers and Monitors, **9/98,** pg. 58.

## Laws & Regulations

- Untangling the Web of Spill and Release Reporting, **10/97,** pg. 50.
- EPA Seeks Comment on Waste Minimization Tool, **10/97,** pg. 27.
- Complying with EPA's RMPR: Part II, **11/97,** pg. 17.
- EPA Issues CAA Section 112(k) Urban Air Toxics Inventory, **11/97,** pg. 21.
- EPA Issues Guidance for Reporting Sulfuric Acid Releases, **12/97,** pg. 25.
- Strategies for Complying with the RMPR: Part III, **1/98,** pg. 19.
- PM-2.5: Looking into a Cloudy Crystal Ball, **1/98,** pg. 56.
- EPA's New Enforcement Strategy Targets Priority Sectors, **1/98,** pg. 29.
- Cluster Rule Forces Changes for Pulp and Paper Mills, **2/98,** pg. 19.
- EPA Database Delay Presents Opportunity to Review Data, **2/98,** pg. 33.
- The Developing World Looks to ISO 14000 for Help, **2/98,** pg. 37.
- Identifying Your Facility's Environmental "Aspects," **3/98,** pg. 47.
